Search

This community resource directory was developed to provide offenders, probation officers, and judges with some of the available local and state resources that may be utilized to assist offenders with employment and educational opportunities, as well as other resources and services that may benefit offenders.

This site contains links to third party Internet sites (). The Department provides these links for informational purposes only. Each link is provided without warranties of any kind, either express or implied.

Sex Offenders need to check with their probation officers (if they are on supervision) or their local law enforcement regarding housing options to make sure that it meets state and local residency restrictions.

Agencies that offer some form of assistance or service to offenders that wish to be included in this directory may contact the Department of Corrections at [DC.ResourceDirectory@mail.dc.state.fl.us](mailto:DC.ResourceDirectory@mail.dc.state.fl.us). Updates to this information can also be reported to that same email address.
